

Bio –Erik Boxhoorn

Erik Boxhoorn is a Senior Manager in KPMG's Federal Government Advisory Services practice located in Washington, DC. With 10 years of experience, Erik has led IT general and application control evaluations, performance audits, and compliance examinations for commercial organizations and federal agencies. Erik has conducted audit and attest engagement under Government Auditing Standards and AICPA standards. He also has extensive experience in conducting Statement on Accounting Standards (SAS) No. 70 (SSAE No. 16) examinations for federal and commercial entities. Erik also leads KPMG's Federal Practice FISMA compliance for commercial entities, including cloud service providers. Erik has led the development of certification and accreditation packages consistent with NIST 800-37 Rev. 1 and NIST 800-53 Rev. 3. Erik has lead the development of system security plans and independent security control assessments for complex computing environments.
